

NEWBIRTH

I know that I am dealing with some issues but don't throw me away!

People don't know what to do with us when they have used us but did not kill us! In spite of what they said and in spite of what they did, God saw the best in me and refused to throw me away! He is not finished with me yet!

I will hold my peace and let God fight for me!

I need the King of Kings and the Lord of Lords to put me back together again!

I am Exhibit A for what favor and grace looks like! God looks beyond our thoughts and recycles us. I am recycled in spite of my circumstances and experiences!

Our resilience is undeniable!

I want to see my friend healthy, strong and whole in 2019, therefore I pray that my friend will never have depression and anxiety. Lord, Bless my friend!

Prophetic Word:

In 2019 God is going to grace us to get back to where we were before we got dismissed, denied, dropped and left for dead!

2019 is the year I will be restored to the place where God wants me to be!

Everything is going to be restored!

From the message "Don't Throw Me Away" by Pastor Dr. Jamal H. Bryant, Sunday, December 30, 2018.

Scriptural References: Luke 5:18-19
