

NEW BIRTH

We deserve something good after all the bad that happened to us! We are glad that it didn't work out. Thank God the calamity was really an opportunity for our advancement!

We have the maturity to thank God and give Him Glory for what didn't work out! If it is not working yet; it needs some more time; it is a temporary issue. If it doesn't work; it is a permanent issue. I am glad for what doesn't work!

Some relationships are for a season, some relationships are for a reason and some relationships are for a lifetime. All things work together for our good!

We take the blinders off when things don't work and realize it may have been a blessing in disguise!
No weapon formed against us shall prosper!

God is pushing us closer to what He has put in our spirit!

Before this year is over, our haters are going to regret how they handled us. They will be apologetic for underestimating the oil that rests on our lives!

God blesses those who intercede on somebody else's behalf!

God begins to move on our, and our families and friends' behalf when we praise Him and shout for them!
Jesus was wounded for our transgressions, and by His stripes we are healed! We praise God for healing us of diseases we do not know we have! We lay hands on every area of our bodies and we are healed!

Sometimes the evidence that we are anointed is revealed when we can't sleep at night! God is getting ready to give us rest! Our dreams will be so clear we will remember them when we awaken and when we go back to sleep we will pick up where we left off!

God needs to see how we worship Him when things are not going well!

He is here! We cry out to God! He is here! We welcome Him!

God is on His way to my house and is walking around there! He is there!

We lift up our heads oh ye gates for we are mighty in battle!

God is greater than our issues! What we went through was not for us but for those who are watching us!

He is here! He is here! He is here!

God has the authority to change our lives!

We know how to suffer with class!

We are too anointed to be anonymous!

Before December 31, 2018 God is going to enlarge our territory!

NEW BIRTH

We are going to get some men for Jesus Christ! Let's go get them!

Every man in our house will be saved and speaking in tongues!

In the next 45 days something will happen to the men in our families! There will be no more alcoholism, domestic violence, selling of drugs, dropping out of school, suicide, depression and PTSD. They are coming back to life! Help me go get them! Our sons and daughters will prophecy!

Whatever has been going on in our brothers, sons, husbands or fathers' lives; in the next 72 hours God is going to call his name. The oil of God will touch the men and they are coming back!

The devil is angry because you are raising a prophet; a captain of industry, a generation changer, a future governor; an international diplomat. God is raising up our sons and the attack on our sons' lives is officially over today. We refuse to lose our sons! Let's go get them! They are going to be all right!

We are blessed by every disappointment and everything that did not work out for us! God is going to show us a miracle behind it. He is getting ready to embarrass the enemy because he picked on the wrong church and the wrong people!

We shout, for every member that left this church is coming back! Every dime, every check, and every contract that was lost is coming back! Everything we thought was dead is coming back! It's coming back!

We have passed the test! We lift up our hands as high as we see ourselves going!

God is blessing us exceedingly and abundantly beyond what we can think, dream, hope or imagine! He is going to give us things we have never asked for! They are getting ready to fall into our lap!

We give God a shout of Thanksgiving!

The spirit of jealousy is broken in this (church) house! As Job made a sacrifice on behalf of his family, so do we! It's a new season, it's a new day! A fresh anointing is coming my way! It's a season of power and prosperity, it's a new season coming to me!

From the message, "I'm Glad it Didn't Work Out", by Bishop Jamal Bryant, Sunday, September 30, 2018.
