Prophetic Word for Year 2019
B.E.L.L. International Prayer Call
January 4, 2019
Prophetic utterance by Minister Bawayna Thompson

I was asked to share the prophetic word for the year 2019. Let's posture ourselves to hear the word of the Lord.

Highlights from September 2018. Look at the word from September 2018.

2019 is a year of birthing, harvest, spiritual warfare, and also Taste and See that the Lord is good.
(I saw a picture of a polaroid picture, naval/medic helicopter)

1. Exposed—The Light is on you. We are in a dispensation of time where things that were done in the dark are being exposed. Those who were in the caves and on the backside of the mountain are being revealed. The light is on you for there's a processing that you have been through that many were not able to withstand. You'll hear a roar come out of them that you have not heard before. The roar is marking God's territory. Just as a picture has to stay in darkness to be properly developed, now the picture can be shown because you reflect the attributes of God. God's shining His light on those dark places and the plans, schemes, and the plots of the enemy are being exposed. Those who have been operating in a manipulative manner are running and trying to hide, but a spiritual helicopter is hovering, and your location has been identified. The light is on you and the plots are destroyed. Some of you are running from your purpose and calling and God wants you to surrender. The platform is set for you, be that light and spread God's word.
2. Touch Not My anointed— These are the ones who are walking worthy to the call that's on their life. There's a standard of authority, power, and righteousness that's being demonstrated by the church. The church is the persons who have submitted their lives to the Holy King, the Great I am. A warning is released to be careful of the words that are being spoken against the anointed ones. The anointed ones are demonstrating signs, wonders, and miracles that cause an influx of souls. The anointed ones are covered by the shamar mantle and those who dare to come against them will have a price to pay. There will be a reverence for the anointed ones because God's using them to raise up a standard. God's using them to confound the wise for they are the ones who do not have a religious look or sound, but they are synchronized with the heart of God. They will be categorized as strange only because they are an anomaly. The anointed ones are drenched with an anointing that breaks shackles, releases prosperity, and establishes peace. It behooves you to touch not My anointed.
3. Revivals—There will be two major revivals where there's a manifestation of the apostolic, prophetic, and healing and deliverance. There will be persons who are dripping with the anointing of the Lord and people will enter the church and building in one way and leave as an entirely new person. People who come in wheelchairs will leave out walking. These two revivals will be the genesis of young children flowing in signs, wonders, and miracles. It will become a common thing to see blind eyes open, to experience a disease being cured right before your very eyes, and several reports of the dead coming back to life. There's an awakening of greatness and the mantles of ancient days will manifest this year.
4. Birth of royalty—In the natural and spiritual, there's a birthing of royalty. Kings and priests take their rightful positions and there's an establishment of order in the earth. A Caleb anointing rests on some of the births in 2019. These anointed vessels will rise up to address injustices, racism, and inequality. They have a humanitarian and philanthropy spirit which will produce love and peace throughout the earth. They shall declare a thing and it shall be established.

- Pray that airplanes do not vanish, crash, or malfunction.
 - Things falling out of the sky. There's a foreign particle or objects falling from the sky. One of the objects falls into the ocean. It looks like the Atlantic Ocean. The other object crashes and causes destruction.
 - Spirit of racism continues to raise its head. It will show up across the land and attempts to cause division, confusion, and oppression.
 - Shutdown of communication-internet and phone lines.
 - Erratic weather patterns.
6. The Glowing Ones—The glory of the Lord will rest so heavily upon people that they will glow. This glow is produced by God's glory and it's also a demonstration of grapes that have been crushed and the anointing oil is flowing through the pores of their skin. As people approach you, be ready to evangelize, counsel, and prophesy. The Lord will use the glowing ones to minister in those odd and different places. Worship and praise breaks out around the glowing ones because they are the glory carriers.
7. Scriptures for prophetic insight and meditation:
- Psalm 34:8-14
 - Matthew 16:19
 - Jeremiah 1:10
 - Luke 1:39-45
 - Ephesians 6:10-20
 - Romans 8:22-25
 - 2 Corinthians 4:16-18
 - 2 Kings 6:17
8. A new currency—The Dow Jones will be volatile this year. You will see three record highs, but you will also experience several record lows. Do not be discouraged by the natural economic system for I am causing there to be an establishment of new currency this year that will bring about economic development. The currency of faith, bartering, and sowing seeds of kindness will produce a generational harvest. Parents, some of your children have brought you several ideas straight from my throne room but you discounted them. I am raising up young wealth managers who truly understand the currency in heaven wealth managers who truly understand the currency in heaven. Wealth managers in Zimbabwe, Dubai, Switzerland, and Australia have been groomed and they shall be revealed to you this year. It's time to operate according to my precepts and principles as it retakes to finances and once you do that, the bondage of poverty shall be shattered. There are three countries where their currency will change and there will be a decrease in value of the monetary unit.
9. X-Ray Vision—There's an expansion and dimension of the seer anointing that's being released and what's manifesting. Many of you will be able to see through the fake. You will have the mantle of the Issachar anointing to rest upon you heavily and you will be able to discern the times. I'm revealing to some of you the secret things and I'll instruct you how to share what I have told and shown you. The x-ray vision will enable you to sense and discern spirits of different forms. You will also be able to identify certain sicknesses and diseases and cancel it at the root. You will operate in a heightened sense of discernment which will give you a prophetic edge. Many of you will sense things in the spiritual realm that you have never sensed before. Don't be alarmed for many of you are being groomed to be sent out into different areas of ministry, marketplace, and mission field. It's time for My people to root out, build, and establish My word in the earth. This is the hour of eye has not seen and ear has not heard.
10. Lines of communication—I have not heard much from you. Do not allow life situations and distractions to keep you from communicating with Me. I'm communicating with you in different ways and if you are not careful, you will miss what I am saying. Many of you have entertained angles while others have heard Me through songs and dreams and visions. Marcus and Arlington, the songs have to be produced and released. The song of healing and deliverance communicates My love for My people. Continue to connect with Me and the melodies will freely flow. Sons and daughters, when there's an interruption in the lines of communication, it causes damage to the

structure of family as well as to My church body. Misunderstandings and confusion happen when the lines of communication are interrupted. Come higher and rise above the low thoughts and rudimentary words. When there's an outage of the internet access and phone communication, take command of the airways and make sure the lines of communication are clear in the natural and in the spiritual.

11. New Discoveries—There's nothing new under the sun, but there will be a discovery of what was and is to come. You will hear of new cities being discovered and renovated. New artifacts will be unveiled from deep within the crevices of the earth and it will shed insight into generations from the past. There's an ancestral bundle that has been released on purpose and many of you will discover what I've been doing in your family line for many generations. Align yourselves with what I've been doing in your family and you will flourish in the ancestral ideas and witty inventions. There will be new ways of communication, new technological devices for surgery as well as new apostolic and prophetic mantles being released and discovered. I'm doing new things and those who are aligned with Me will know it.

12. Where's the village? Be your brother's keeper—It's time for the humanitarian to come forth. You're to be that support system for orphans and widows. Some of you have businesses that help others and I'm causing many of you to rise up and be that village that takes care of the brother. No longer shall My precious jewels feel alone and isolated, but you surround them with love. I'm releasing unto you business ideas that will cater to the orphans and widows. This group has been over looked and that ends now. Within this population, there are senators, businessmen and women, artists, and philanthropists. The widows are the mentors and project managers, you will be amazed by the skill, knowledge and wisdom that the widows possess. Sons and daughters become that group that lends a hand and extends love. You're designed to connect with others and be that beacon of hope, joy, and peace for all those around you. It's time for the village to really to be their brother's keeper.

13. Different weather patterns—There's a colliding of the seasons and you're not sure if it's spring or summer. It's a time of extreme temperatures of heat, which will produce a drought in many areas. Many weather reports will be wrong because there will be a sudden rise and a sudden fall in the temperatures. The plate shifts under the ground and trembling happens across the land. Record reports of volcanoes. Earthquakes happen in uncommon areas—look at what's shifted after the quakes, because jewels will be discovered by those who look. There's a phenomenon of double in the sky. Farmers must look at planting in different times and expecting a harvest at different times. Winds and waves hit the land. Don't rally together only to separate again. Unity and love is what gets you through it all.

14. Friend or foe—The United States will experience a period of determining who's a friend or foe. Four who have been on the side of America will change their tune. It's an attempt to weaken the power of the United States of America. There are spies in the land and they will be discovered in major companies as well as in branches of the judicial system. America, do not allow pride to pull you down, but stand up in compassion and love across the land. The people in the land are rising up and their voices are being heard. Watch for the laws that are hidden behind an agenda for it's to cause oppression and division. A foreign particle spreads across the land causes outbreaks of rashes. Pull down the stronghold of sickness in the different regions of the land. America is still blessed, and warring angels are on post to protect freedom and democracy for all mankind.

15. Judgment in the throne room—There have been many petitions that have come into the throne room. Verdicts are being rendered and recompense has come to the chosen vessels of God. Payment is due and blessings come from the north, south, east and west. Be a good steward and don't fall into the traps of yesterday. I say it once and I say it twice, don't touch My anointed. Judgment is released upon those who come against the anointed ones.

Grace is extended, and cases are overturned. Expect miracles to be common in the land because a verdict of healing and deliverance has been rendered.

I'm the judge and answered prayers are manifesting now.
