Thank You, Lord God, that like Joseph; we are walking in generational and ancestral glory! We experience the ten tests he encountered just as he did.

God is pushing and pulling greatness through each of us for our favor and blessings are not our issue! Despite what we are going through we see beyond our current situation and realize that there is greater for us to acquire!

Joseph walked in the blessing, favor and anointing of God, although initially he did not know what to do with it! Sometimes we have to face challenges in our lives to obtain the promises God gave us!

The world's dream is not the dream God has for us because His dream is bigger than we can imagine!

Greater is coming back to each of us, however to reach greater, there is a process we must face just as Joseph faced. He endured circumstances that tested his humility, honor, respect for others, integrity, temptation, purity, covetousness, accusations, unselfishness, and prophetic anointing. We too have similar challenges in those areas!

We are placed in a pit when we are not ready for the dream God has promised us. He uses our enemies to push us to our breakthrough from issues we do not need to carry into our place of fulfillment and glory!

Our pit is not designed to work against us, for our set time is coming to walk in everything God has given us! To receive all ancestral blessings, our generational issues must be dealt with. In the pit we receive the equipping we need to move forward, and we also acquire wisdom from circumstances that can be used later in life! Thank You, Lord God for we are coming up and coming out of our pit! We leave the drama in the pit! Thank You, Lord that the pit was designed to produce perseverance, patience and power in us, preparing us for the palace!

We talk like God and clearly let those with whom we share our dream know what is in it for them so there will be no room for jealousy!

We possess honor and humility before both God and man; respecting leaders and others because we are ready for the dream!

As Joseph's integrity was tested in Potiphar's house, so our integrity is tested in preparation for us to speak to nations! It is God's way to test us for He is a teacher in His Kingdom University!

We walk in purity because blessed are the pure in heart for they shall see God. We walk in unselfishness and give because God loves a cheerful giver. We speak words of life to ourselves and they have the ability to set us free!

Thank You, Father God for giving us a dream to expand our vision which began generations before us and will continue after us because it is bigger than us! We reverence and honor all of our generations

for both the spiritual and biological heritage. It is needed to move our church forward into what God has for us!

Thank You Lord God for equipping us to rule, subdue and have dominion!

Thank You, Father for setting us free for we cannot hold onto the pain, anger, disappointment, heartache, drama, broken hearts, aggression, and the brokenness of the past and move into the new thing that You have for us!

I was separated to be changed by God to be effective when I am rejoined.

We need to be alone with God for He wants us to talk to Him now!

We have each grown to the place where we know, hear and obey God's voice!

We surround ourselves with people who show us greater!

We are going up! We are going up! We are going up!

I begin to prophesy and talk to myself! I speak the word in my mouth! I Speak it! There is a word in my mouth that only I can speak! What is in my mouth has the ability to set me free!
