

He's ready for us now

Spoken Word Department

Spring 2006 VOICE

Theme: *Building the House – Advancing the Kingdom* Sub Theme: *Life more abundantly*

He's ready for us now

Spoken WORD is a new space that features the Word of God as expressed by the prophet of the house, Bishop Eddie L. Long. In this magazine issue, the first delivery of Spoken WORD highlights excerpts from the "Times and Seasons" message. As the first quarter of 2006 comes to a close, read these life-giving reminders very closely and examine your progress for the year thus far...

Keep it God! Do away with those things that do not exalt Him.

God wants to bust loose in your life the day you are ready. And He will tell you what adjustments to make. He's got to let some grains of wheat die and fall to the ground. There are things in our lives that must be killed that do not exemplify the spirit, power and glory of God.

Don't wait to be broken; go after Him now.

When you're broken, you really go after God. But what you discover is what "is" already. But you went after it. You were desperate for God. Let's just go after Him. Skip the trouble. Get out of the world and just be open to Him.

You're fittin' to do what??

You don't have the luxury in 2006 to say, "I'm fittin' to do it." It's time for adjustment and alignment. God is removing everything that stands between you and Him. You have to make a decision: if God be God follow Him—choose this day!

Break out of the prison of your own mind.

Stop limiting yourself because of what you see. As far as God is concerned everything has already been accomplished. But you are stuck in your own head, locked up in your human condition, and the locks on the door are unbelief, comfort, doubt and fear. All of the promises in His Word are real and available now to all who believe. God is moving us into the reality of His work.

Stay energized!

Remember the expectation you had on New Year's Eve for a 'change' to occur at midnight? Have that expectation every day! So many people hang dreams and hopes on one day and a 'change' at midnight. You do not have to wait 365 days to get a major breakthrough. You don't have to go through 12 months of mediocrity. *God is God everyday and He's ready for us now.*

That which is has already been, and what is to be has already been; and God requires an account of what is past (Ecclesiastes 3:15).
