

NEW BIRTH

Every fruit has a season! Sometimes we go through an off season, therefore I stop measuring my life by the timetable of others. I made some mistakes in my life, but the hand of God was with me! I am stronger because of what I endured!

Late bloomers it is our year, it is our season, it is our time! This is our year to finally catch up with our potential! We are about to grow up! It might take a minute, but we will finally get where God wants us to be! Just because I am not talking does not mean I do not have anything to say!

Our calendar has just been refreshed and the timetable shifted! We forget about everything we have never accomplished, for this is the year God is about to put things in divine alignment, so our passion will catch up with our purpose!

Thank You, Father God that this year You are going to make the connections easy by putting me in the atmosphere of influential people who will push me into the path of my destiny, doing what no member of my family could ever accomplish!

Thank You, Lord it is not too late for me to operate in my gift, my assignment and my call! I need a life assignment!

This is the year for the late bloomer! Better late than never!

Lord, I am grateful that mediocrity is under my feet! Excellence and success is getting ready to come to my path; and I am getting ready to step into the greatest season of my life! Now is the year! I am too gifted to be struggling and I am too anointed to be unhappy!

God said, 'this year I am going to let every person who underestimated who you are, see the glory of God manifested over your life and your family!' I am getting ready to bear fruit!

This is the time to take care of ourselves because we have delayed our lives; put off our goals and sacrificed our intellect. God said never again!

Everything God spoke over lives while we were in our mother's womb is coming to pass!

Thank You, Father God you are about to restore the sacrifice of the tithe! Last year was my lowest income, but this year there has to be more for me, my life, and my family! This year whatever I work for, I will see it come into my hand! Thank You, Lord You said everything I had to spend out of my savings account is about to be replenished!

Parents: Don't you give up on your child prematurely! We don't know what our child is going to become because there is a genius in my child that is about to be exposed in the year 2019!

Let God arise! Let my enemies be scattered!

NEWBIRTH

Prayer for late bloomers; in the First quarter of 2019 help them to grow fast. Help them to outlive their mistakes. Help them go further than anybody would have expected, imagined or predicted! Help every lifted hand and every person connected to their family bloodline; that they are getting ready to see a shift in behavior, in cognitive skills, in development, in comprehension.

I pray that the first three months of the year will make up for the last three years of their life. On those of you whose faith comes into agreement with the faith of your pastor, would you give God a shout of thanksgiving now like I trust God. Better late than never!

Thank You, Father God that we will be blessed in January for 2016; we will be blessed in February for 2017; and we will be blessed in March for 2018!

From the message 'Better Late Than Never' by Dr. Jamal H. Bryant, Sunday, January 13, 2019.
Scriptural Reference: Luke 13:6-8
